Target Audience

Potential Customer Base

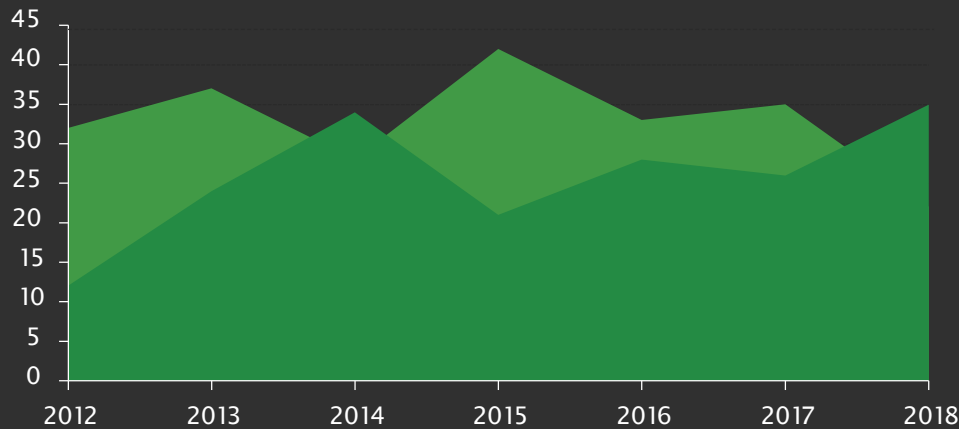

As per market analysis we found that demand for shoe laundry is rising among females than males, and as of now. 63% of shoe laundry market's customers are females

We also found out that among all our customers, 40% are from 40+ age group while 60% come from 18-40 age group.

Market Analysis

We performed a market survey to find out In store collection vs Pick n Drop services to know the demand before launching our very own Pick n Drop Services model, based on results, we launched our new service.

Graph # 1– In Store Collect

The demand for in store has seen decline as pick and drop is more preferable among youth

Graph # 2– Pick n Drop

The demand for Pick and drop services has seen immense growth.
